Beer Sir or Madam

These are confusing times indeed and it has become more and more difficult for me to stay on top of everything as things become more complex as digitized and altogether tricky. I remember when things were simple and you could count on the freger of one hand all of the accounts and briness sentings that you had to keep track of. Now everything is online and it is so hard to find out what's going on For instance apparently my finances are far more involved than I thought. I saw that your company is reporting that I one you a sun of morey, but I just don't think that is correct. I am very sure that I have never been a customer or a client of yours and so I continegate how I could over you mything and I don't that this is right. In addition have you tried to go and find a new computer of a new TV or anything like that recently? It is so hard, everything is "high teel" and there are a many letters and rumbers etached to everything! I just want a TV to notch The games on Sonday and meanwhile they're trying to sell me some crapy XR-65A8012 thing and I get don't indesitand. Thinky for the help anyway!
